

## BayouLand Conservancy

*Bayou Land Conservancy is a community-sponsored land preservation organization working with willing landowners to permanently protect land in the greater Houston region. We preserve river and bayou corridors, other properties with significant wildlife habitat value and places where family recreation can occur in harmony with nature. Our "No Child Left Inside" education program connects tomorrow's conservation leaders with nature today.*

*50 Conservation easements, protecting more than 10,000 acres in the Houston region*
